Information about workshop-leaders

My name is **Erdem Uzun**, and I work as a teacher at a school in Germany. I am married and we have two children. I was born in Turkey, but I have been living in Germany for 21 years.

I once led an online Bibliodrama and participated couple times online Bibliodrama.

I believe that life is too short for hostility and envy, so I strive to spend this short time living in peace and brotherhood.

I am **Jes/Agnes Bouwen** from Belgium. I was a religion teacher and voluntary prison pastor. I am married and the crazy grandma of five. Since 2004 I am a bibliodrama addict and I combine the Flemish bibliodrama with the European network. I am a bibliodrama facilitator and leader and I have been leading and participating in several Online bibliodrama workshops. We are trying out bibliodrama as a way of connecting people in interfaith situations.

I believe that in these times it is extremely important to try to see life from different perspectives to develop more understanding, compassion and connection. Bibliodrama can help with this.
