

Krzyżowa 10-14.8.2024

It was the first time for me to participate in EBW, before I had only one experience with Bibliodrama, which was a very powerful for me and I decided to come to Krzyżowa to continue the journey that has begun for me a year ago. I am a Polish but for the first time I got to know about the history of Krzyżowa and Świdnica. For me the place, where we had workshops was very meaningful due to its history of reconciliation between the nations and religions.

I participated in workshops led by Dirk Harms and Henia Czyż, we worked on the Mk 10,17-21 – meeting Jesus with the Rich Young Man. We could all act in our own languages – which was a very enriching experience – to hear the performance in languages, which I literally didn't understand (like Swedish, German, Hungarian) but still I could “feel” the message of the text. We could try out ourselves in different roles and find out, which was the most suitable for me. Creating a “living monument” out of our bodies was one of the most powerful experiences for me.

EBW was my way towards reconciliation with my past as well. I have also met people with the similar dreams, that I have, and I hope that we will continue our cooperation.

I am very grateful for the possibility to participate in EBW 2024.
